Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$0	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible ?	Not applicable.	This plan has no deductible . But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	No.	You don't have to meet deductible for specific services.
What is the out-of-pocket limit for this plan ?	\$2,000 individual /\$4,000 family for In-Network providers	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they are required to meet their individual out-of-pocket limit until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums, balance-billed charges, out-of-network services, charges in excess of the usual and customary rates, pre-authorization penalties and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.blueshieldca.com/networkppo or call (888) 277-2912 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	This plan will pay some or all of the costs to see a specialist for covered services.
